

METABOLIC wellness

by TRANSFORM

Ellis Physical Therapy is Proud to Introduce the Metabolic Wellness Program.

Our physical therapy clinic now offers Metabolic Wellness by Transform, an effective weight loss program designed to help patients who are overweight, in pain, and may have neuromuscular dysfunction. The metabolic program is administered alongside our regular physical therapy treatment, at no additional cost, other than co-pay, co-insurance, or deductible, if applicable.

CANDIDATES INCLUDE PATIENTS WITH PHYSICAL THERAPY NEEDS WHO:

- Have a high BMI, elevated blood sugar, hypertension or hyperlipidemia, etc.
- You want to optimize prior to a procedure
- Want to lose weight

PATIENTS CAN EXPECT:

- Evaluation and treatment of their physical therapy needs
- A personalized nutrition plan
- Coaching, accountability and support both within the clinic, and on the go via our free mobile app.

Choose the Metabolic Program With a Proven Record Of Success.

Our metabolic program works in conjunction with physical therapy to help your patients lose weight and adopt a healthier lifestyle through simple, progressive nutrition and behavior changes. The program is offered at no additional cost because we understand the need to treat the possible underlying cause of your patients' pain—excess weight.

Three Simple Steps To Referring:

ONE

Determine if your patient is a candidate for physical therapy.

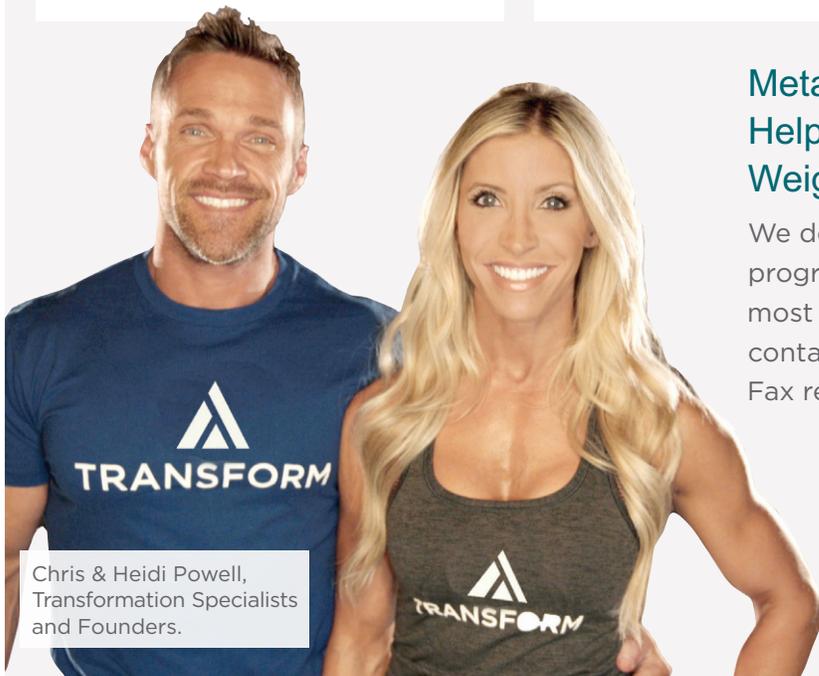

TWO

Determine any underlying metabolic conditions such as hypertension, obesity, diabetes, hyperlipidemia, hypothyroidism, etc.

THREE

Email us a referral for physical therapy eval and treat and write "metabolic" on it. We will contact your patient to schedule, and take care of the authorization process.

Chris & Heidi Powell,
Transformation Specialists
and Founders.

Metabolic Wellness by Transform Helps Your Patients Achieve Weight Loss Success.

We do not charge or bill your patients for the metabolic program if being seen for physical therapy. We accept most major insurances. For more information, please contact (208) 523-8879 or ellispt@gmail.com. Fax referrals to (208) 523-0436.
